Re: Meeting On Site, January 5, 2000, Absolute Mining and Minerals LLC, Dolores River Placer Operations, S/019/035, Grand County, Utah

Dear Mr. Snyder:

This letter is to confirm the proposed date and time for on site meeting as directed by the Division Order as a result of the Informal Hearing held on November 5, 1999. The on site meeting is proposed for Wednesday January 5, 2000, meeting at 9:00 AM at the Dewey Bridge turnoff. This time and date was confirmed between you and Tony Gallegos in a phone conversation of December 15, 1999.

The purpose of this meeting is to identify and measure disturbed and proposed disturbed areas which comply with the Utah Mined Land Reclamation Act. Sal Venticinque of the BLM Moab Field Office will be present to insure the areas also comply with BLM regulations, and to provide consistency in Division and BLM regulation, to the extent possible. In the event of inclement weather, the site meeting may be rescheduled, however, that decision will be made on the proposed date at the Dewey Bridge turnoff.

At this time, Tony Gallegos and Doug Jensen will be on site representing the Division. If you have any questions regarding this proposed meeting please contact me at your earliest convenience at (801) 538-5286, or Tony Gallegos at (801) 538-5267.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Reclamation Program
